

International Group presentation to MEPs at Lloyd's of London – May 2006

In conjunction with an organised visit to London by a delegation of MEPs and assistants engaged in reviewing the draft ERIKA III Maritime Safety Package, Andrew Bardot, Peter Spendlove, Nigel Carden and Jonathan Hare made a joint presentation to the delegation in the Lloyd's building on the organisation and operation of the International Group and its member clubs and the liability and insurance issues arising in the draft Package.

The presentation was well received and commented upon by the delegates and will be followed up by further meetings with MEPs and Rapporteurs engaged on the Maritime Safety Package review.
