

# COACHING AND MENTORING

PG Cert

If you are committed to supporting and assisting the professional development of others, then the Postgraduate Certificate in Coaching and Mentoring is for you. This programme caters for a diverse range of professionals across youth and community work, business, leadership and management, early years and education who utilise coaching and mentoring as part of their practice.

You will have the opportunity to develop both your practical skills in coaching and mentoring and your understanding of the theoretical perspectives that underpin good practice.

“

*The course was very well structured and I felt supported by the excellent tutors throughout. I have been able to put those skills into action in my current role and the research project I undertook opened my eyes to the current practice in this area. I would recommend it to anyone interested in coaching and mentoring.*

## PROGRAMME STRUCTURE

This programme will enable you to develop your understanding of coaching and mentoring while underpinning your practice with sound theoretical knowledge. You will also be able to access and develop your own skill levels and apply different approaches to coaching and mentoring in your own context. You will become a reflective practitioner.

You will attend seven Saturday workshops across the year and receive one to one tutorials. The programme also provides a pathway to a full Master of Arts for those wishing to continue their studies.
