

# SPORT AND EXERCISE SCIENCE (PROGRESSION ROUTE) PART-TIME STUDIES

**BSc (Hons)**

## Courses start September 2018

**22 month part-time course specifically designed for armed forces personnel and people in employment.**

Find out more: [marjon.ac.uk/forces-sport](http://marjon.ac.uk/forces-sport)

This course in Sport and Exercise Science aims to give students with an appropriate FdSc and Armed Forces PT's a consolidated qualification for their formal academic and professional responsibilities in the sport and exercise science environment.

The degree has been designed to help learners develop a critical understanding of the concepts, theories and principles of sport and exercise science whilst ensuring technical proficiency in an array of practical and analysis techniques. Students will have access to our world class BASES accredited sport science laboratory.

### MODULES

- Strength and Conditioning Project
- Advanced Sport and Exercise Physiology
- Applied Sport Psychology
- Performance and Technique Analysis
- Honours Project

## WHY CHOOSE THIS COURSE

- Modules are delivered through a blended learning approach including taught lectures, lab practicals, conditioning practicals and e-learning on one or two block days per month
- Run by academically qualified staff, and UKSCA/NSCA/BASES accredited practitioners, with substantial consultancy experience
- Enrichment of course content through the inclusion of guest speakers from professional organisations
- Access to world-class sport science facilities
- Real life experience alongside Sport Therapists and Health Scientists
- Service accommodation available locally
- Academic skills package
- Outstanding value
- 5 modules within higher education at level 6 (120 credits)

## ENTRY AND FEES:

- Fees of £8,250. Contact us for flexible payment arrangements and ELCAS information
- Bursaries available to students who hold a relevant sport foundation degree reducing fees to £7,500

## WHAT OUR STUDENTS ARE SAYING:

*"My whole experience with Marjon has been exceptionally positive, the lecturing staff are extremely knowledgeable and were approachable throughout. I would recommend the University to anyone wanting to gain higher education in an environment that understands the needs and commitments of the Armed Forces".*
