

INFORMATION SHEET AND CONSENT FORM

Title of Project: *Shaping Prison Pedagogy through Transatlantic Cultural Exchange*

Description of Project: This project involves 1 x workshop and 10 x module sessions at four different prisons (two in the UK and two in the US).

The Researchers: This project is being led by Dr Josephine Metcalf (JM) from the University of Hull in the UK and Dr Kristen Drybread (KD) from the University of Colorado in the US.

Your Participation: You will be provided clear instructions for preparatory reading for each of the 10 sessions. JM and KD will aim to foster a supportive learning environment, in which we hope you will feel able to actively participate in group discussions, to share your thoughts on the selected texts (books, films etc), and to engage in associated creative writing activities.

We would like to ask permission to note your responses to all the texts we study, which will inform two academic journal articles. All your responses to the texts that feature in the proposed write-up will remain anonymous. Your participation in this research project is entirely voluntary and you are in no way obliged to consent. You may withdraw from this study at any time before JM / KD begin writing up the findings of their research.

Please add an 'x' to each of the following boxes to demonstrate your consent. Please also leave your name and the date below.

I confirm that I have read the information sheet for the proposed research project, or that it has been read to me.

I understand that I have the option to ask questions prior to consent (please contact JM / KD if you have any questions).

I understand that my participation in this research is voluntary.

I understand that I am free to withdraw from this study at any time before JM / KD write up their findings (July 2024).

I agree to my writings being published (anonymously) on the Cultures of Incarceration Centre at the University of Hull, and for my writings to be swapped with colleagues across the Atlantic for peer review.
